Detailed Description of Business: _____

Applicant Agreement

Per section 11-41 of the City Code, it is unlawful to operate any business, whether retail, wholesale, manufacturing, home occupation or otherwise, from any premises within the City without having first acquired a permit from the City of Kennedale. Permits must be renewed annually; they serve to register a business with the city and, as such, do not in any way interfere, preempt, or conflict with any regulations or requirements to State or Federal Licenses which certain types of businesses may be required to obtain. Upon receipt of this form and fee, your application will be reviewed, and if approved, your Home Business Permit will be emailed to you. Businesses not permitted are subject to a citation and a fine of up to \$200.00. By signing below, I acknowledge the above and agree to all terms and requirements set by the City of Kennedale.
