

# **CITY OF KENNEDALE**

## **INVESTMENT POLICY**

**ORIGINALLY ADOPTED BY CITY COUNCIL: SEPTEMBER 13, 2001**

## **PREFACE**

State and local public laws govern the investment process for City funds. Laws cannot ensure that public officials manage public funds in a disciplined and prudent manner. The actions of public officials responsible for investing public funds must be guided by knowledge, skills, systems, policies, procedures and confidence that can be described only as professional discipline.

It is the policy of the City of Kennedale, that giving due regard to safety and risk of investments, all available funds shall be invested in conformance with these legal and administrative guidelines. All City funds shall be invested, to the maximum extent possible, at the highest rates obtainable at the time of the investment.

Effective cash management is recognized as essential to good fiscal management. An aggressive cash management and investment policy will be pursued. To that end, investment interest will be used as a viable and material revenue source for all City funds. Earnings from investments will be used in a manner that will best serve the interest of the City of Kennedale.

The City's portfolio shall be designed and managed in a manner responsive to the public trust and consistent with state and local law.

**I. PURPOSE**

Chapter 2256 of the Government Code, as amended from time to time by the Texas State Legislature (“Public Funds Investment Act”) requires each city to adopt rules governing its investment practices and to define the authority of the investment official. The Investment Policy addresses the methods, procedures and practices which must be exercised to ensure effective and prudent fiscal management of the City of Kennedale funds.

**II. SCOPE**

The Investment Policy applies to the investment and management of all funds under direct authority of the City of Kennedale.

A. These funds are accounted for in the City’s Annual Financial Report (CAFR) and include the following:

- 1) General Fund;
- 2) Special Revenue Funds;
- 3) Capital Project Funds;
- 4) Enterprise/Proprietary Funds;
- 5) Trust and Agency Funds, to the extent not required by law or existing contract to be kept segregated and managed separately;
- 6) Debt Service Funds, including reserves and sinking funds to the extent not required by law or existing contract to be kept segregated and managed separately; and
- 7) Any new fund created by the City, unless specifically exempted from this policy by the City or by law.

This investment policy shall apply to all transactions involving the financial assets and related activity of all the foregoing funds.

B. This policy excludes:

- 1) Employee Retirement and Pension Funds administered or sponsored by the City.

2) Defeased bond funds held in trust escrow accounts.

C. Review & Amendment: The City Council is required by state statute and by this investment policy to review this investment policy and investment strategies not less than annually and to adopt a resolution stating the review has been completed and recording any changes made to either the policy or strategy statements.

### III. PRUDENCE

Investments shall be made with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived.

In determining whether an investment official has exercised prudence with respect to an investment decision, the determination shall be made taking into consideration:

- 1) the investment of all funds, or funds under the entity's control, over which the officer had responsibility rather than a consideration as to the prudence of a single investment; and
- 2) whether the investment decision was consistent with the written investment policy of the City.

All participants in the investment program will seek to act responsibly as custodians of the public trust. Investment officials will avoid any transaction that might impair public confidence in the City's ability to govern effectively. Investment officials shall recognize that the investment portfolio is subject to public review and evaluation. The overall program shall be designed and managed with a degree of professionalism which is worthy of the public trust. Nevertheless, the City recognizes that in a marketable, diversified portfolio, occasional measured losses are inevitable and must be considered within the context of the overall portfolio's investment rate of return.

Investment officials, acting in accordance with written procedures and exercising due diligence, shall not be held personally responsible for market price changes, provided that these deviations from expectations are reported immediately to the Director of Finance, the City Manager and the City Council of the City of Kennedale, and that appropriate action is taken by the investment officials and their oversight managers to control adverse developments.

#### IV. OBJECTIVES

- A. Preservation & Safety of Principal: Preservation of capital is the foremost objective of the City. Each investment transaction shall seek first to ensure that capital losses are avoided, whether the loss occurs from the default of a security or from erosion of market value.
- B. Liquidity: The City's investment portfolio will remain sufficiently liquid to enable the City to meet all operating requirements which can be reasonably anticipated. Liquidity will be achieved by matching investment maturities with forecasted cash flow requirements and by investing in securities with active secondary markets.
- C. Yield: The investment portfolio of the City shall be designed to meet or exceed the average rate of return on 91-day U.S. treasury bills throughout budgetary and economic cycles, taking into account the City's investment risk constraints and the cash flow characteristics of the portfolio. Legal constraints on debt proceeds that are not exempt from federal arbitrage regulations are limited to the arbitrage yield of the debt obligation. Investment officials will seek to maximize the yield of these funds in the same manner as all other City funds. However, if the yield achieved by the City is higher than the arbitrage yield, positive arbitrage income will be averaged over a five year period, netted against any negative arbitrage income and the net amount shall be rebated to the federal government as required by federal regulations.

#### V. RESPONSIBILITY & CONTROL

- A. Delegation: Management responsibility to establish written procedures for the operation of the investment program consistent with this investment policy has been assigned to the Director of Finance by the City Manager. Such procedures shall include explicit delegation of authority to persons responsible for the daily cash management operation, the execution of investment transactions, overall portfolio management and investment reporting. The Director of Finance may delegate the daily investment responsibilities to either an internal investment official or an external investment advisor in combination with an internal investment official. The Director of Finance and/or his representative(s) will be limited by conformance with all federal regulations, ordinances, and the statements of investment strategy.
- B. Subordinates: All persons involved in investment activities shall be referred to as "Investment Officials." No person shall engage in an investment transaction, except as provided under the terms of this policy, the procedures established by the Director of Finance and the explicit authorization by the City Manager to withdraw, transfer, deposit and invest the City's funds. The Director of Finance shall be responsible for all

transactions undertaken, and shall establish a system of controls to regulate the activities of subordinate Investment Officials.

- C. Internal Controls: Internal controls shall be designed to prevent losses of public funds arising from fraud, employee error, misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by investment officials. Controls deemed most important would include: control of collusion, separation of duties, third-party custodial safekeeping, avoidance of bearer-form securities, clear delegation of authority, specific limitations regarding securities losses and remedial action, written confirmation of telephone transactions, minimizing the number of authorized investment officials, and documentation of and rationale for investment transactions.

In conjunction with the annual independent audit, a compliance audit of management controls on investments and adherence to the Investment Policy and the Investment Strategy may be performed by the City's independent auditor.

- D. Ethics & Conflicts of Interest: An investment officer of the City who has a personal business relationship with a business organization offering to engage in an investment transaction with the City shall file a statement disclosing that personal business interest. An investment officer who is related within the second degree of affinity or consanguinity to an individual seeking to sell an investment to the City shall file a statement disclosing that relationship with the Texas Ethics Commission and the City Council. For purposes of this section, an investment officer has a personal business relationship with a business organization if:

- 1) the investment officer owns 10 percent or more of the voting stock or shares of the business organization or owns \$5,000 or more of the fair market value of the business organization;
- 2) funds received by the investment officer from the business organization exceed 10 percent of the investment officer's gross income for the previous year; or
- 3) the investment officer has acquired from the business organization during the previous year investments with a book value of \$2,500 or more for the personal account of the investment officer.

Investment officials of the City shall refrain from personal and business activities involving any of the City's custodians, depositories, broker/dealers or investment advisors which may influence the officer's ability to conduct his duties in an unbiased manner. Investment officials will not utilize investment advice concerning specific securities or classes of securities obtained in the transaction of the City's business for personal investment decisions, will in all respects subordinate their personal investment transactions to those of the City, particularly with regard to the timing of purchase and sales and will keep all investment advice obtained on behalf of the City

and all transactions contemplated and completed by the City confidential, except when disclosure is required by law.

- E. Investment Training Requirements: The Director of Finance and the Investment officials shall attend at least one ten hour training session relating to their investment responsibilities within 12 months after assuming their duties. In addition to this ten hour requirement, each investment officer shall receive not less than eight hours of instruction in their investment responsibilities at least once during each two year period that begins on October 1<sup>st</sup> and consists of the two consecutive fiscal years after that date. The investment training session shall be provided by an independent source. For purposes of this policy, an “independent source” from which investment training shall be obtained shall include a professional organization, an institute of higher learning or any other sponsor other than a Business Organization with whom the City of Kennedale may engage in an investment transaction. Such training shall include education in investment controls, credit risk, market risk, investment strategies, and compliance with investment laws, including the Texas State Public Funds Investment Act.

## **VI. AUTHORIZED INVESTMENTS**

- A. Obligations, including letters of credit, of the United States or its agencies and instrumentalities.
- B. Direct obligations of the State of Texas or its agencies and instrumentalities.
- C. Other obligations, the principal and interest of which are unconditionally guaranteed or insured by, the State of Texas, or the United States or its instrumentalities.
- D. Obligations of states, agencies, cities, and other political subdivisions of any state rated as to investment quality by a nationally recognized investment rating firm not less than “A” or its equivalent.
- E. Joint Investment Pools of political subdivisions in the State of Texas which invest in instruments and follow practices allowed by current law. A pool must be continuously rated no lower than AAA or AAA-m or at an equivalent rating by at least one nationally recognized rating service.
- F. Certificates of Deposit issued by a depository institution that has its main office or branch office in Texas;
  - 1) and such Certificates of Deposit are:
    - guaranteed or insured by the Federal Deposit Insurance Corporation or the National Credit Union Share Insurance Fund or their successors; or

- secured by obligations described in Article VI, sections A through D above.
- 2) or such depository institution contractually agrees to place the funds in federally insured depository institutions in accordance with the conditions prescribed in Section 2256.010(b) of the Government Code (Public Funds Investment Act) as amended.

Certificates of Deposit brokered by an authorized broker/dealer that has its main office or a branch office in Texas who contractually agrees to place the funds in federally insured depository institutions in accordance with the conditions prescribed in Section 2256.010(b) of the Government Code (Public Funds Investment Act) as amended.

- G. Fully collateralized repurchase or reverse repurchase agreements, including flexible repurchase agreements (flex repo), with a defined termination date secured by a combination of cash and obligations of the United States or its agencies and instrumentalities pledged to the City held in the City's name by a third party selected by the City. Repurchase agreements must be purchased through a primary government securities dealer, as defined by the Federal Reserve, or a financial institution doing business in Texas. The securities received for repurchase agreements must have a market value greater than or equal to 103 percent at the time funds are disbursed. All transactions shall be governed by a Master Repurchase Agreement between the City and the primary government securities dealer or financial institution initiating Repurchase Agreement transactions.

The term of any reverse security repurchase agreement may not exceed 90 days after the date the reverse security repurchase agreement is delivered. Money received under the terms of a reverse security repurchase agreement shall be used to acquire additional authorized investments, but the term of the authorized investments acquired must mature not later than the expiration date stated in the reverse security repurchase agreement.

- H. No-load money market mutual funds if the mutual fund:

- 1) is registered with and regulated by the Securities and Exchange Commission;
- 2) has a dollar-weighted average stated maturity of 90 days or fewer; and
- 3) includes in its investment objectives the maintenance of a stable net asset value of one dollar for each share.

- I. Investment instruments not authorized for purchase by the City of Kennedale include the following:

- 1) Banker's Acceptances;
  - 2) "Bond" Mutual Funds;
  - 3) Collateralized Mortgage Obligations of any type; and
  - 4) Commercial Paper, except that the City can invest in local government investment pools and money market mutual funds that have commercial paper as authorized investments. A local government investment pool or money market mutual fund that invests in commercial paper must meet the requirements of Article VI, Sections E and H above.
- J. If an investment in the City's portfolio becomes an unauthorized investment due to changes in the Investment Policy or the Public Funds Investment Act, or an authorized investment is rated in a way that causes it to become an unauthorized investment, the investment officials of the City shall review the investment and determine whether it would be more prudent to hold the investment until its maturity, or to redeem the investment. Officials shall consider the time remaining until maturity of the investment, the quality of the investment, and the quality and amounts of any collateral which may be securing the investment in determining the appropriate steps to take.

## VII. PORTFOLIO AND INVESTMENT ASSET PARAMETERS

- A. Bidding Process for Investments: It is the policy of the City to require competitive bidding for all investment transactions (securities and bank C.D.'s) except for:
- 1) transactions with money market mutual funds and local government investment pools (which are deemed to be made at prevailing market rates); and
  - 2) treasury and agency securities purchased at issue through an approved broker/dealer.

At least three (3) bids or offers must be solicited for all other investment transactions. In a situation where the exact security being offered is not offered by other dealers, offers on the closest comparable investment may be used to establish a fair market price of the security. Security swaps are allowed, as long as maturity extensions, credit quality changes and profits or losses taken are within the other guidelines set forth in this policy.

- B. Maximum Maturities: The City of Kennedale will manage its investments to meet anticipated cash flow requirements. Unless matched to a specific cash flow, the City will not directly invest in securities maturing more than five (5) years from the date of purchase.

- C. Maximum Dollar-Weighted Average Maturity: Under most market conditions, the composite portfolio will be managed to achieve a one-year or less dollar-weighted average maturity. However, under certain market conditions investment officials may need to shorten or lengthen the average life or duration of the portfolio to protect the City. The maximum dollar-weighted average maturity based on the stated final maturity, authorized by this investment policy for the composite portfolio of the City shall be three (3) years.
- D. Diversification: The allocation of assets in the portfolios should be flexible depending upon the outlook for the economy and the securities markets. In establishing specific diversification strategies, the following general policies and constraints shall apply.
- 1) Portfolio maturities and call dates shall be staggered in a way that avoids undue concentration of assets in a specific sector. Maturities shall be selected which provide for stability of income and reasonable liquidity.
  - 2) To attain sufficient liquidity, the City shall schedule the maturity of its investments to coincide with known disbursements. Risk of market price volatility shall be controlled through maturity diversification such that aggregate realized price losses on instruments with maturities exceeding one (1) year shall not be greater than coupon interest and investment income received from the balance of the portfolio.
  - 3) The following maximum limits, by instrument, are established for the City's total portfolio:
    - Certificates of Deposit.....50%
    - Local Government Investment Pools (*See D.(5) below*).....100%
    - Money Market Mutual Funds (*See D.(5) below*).....100%
    - Obligations of states, agencies, cities & other political subdivisions of any state.....25%
    - Repurchase Agreements (*See D. (4) below*).....50%
    - State of Texas Obligations & Agencies.....50%
    - US Treasury & US Agency Callables.....25%
    - US Government Agencies & Instrumentalities.....100%
    - US Treasury Notes/Bills.....100%
  - 4) The City shall not invest more than 50% of the investment portfolio in repurchase agreements, excluding bond proceeds and reserves.
  - 5) The investment committee shall review diversification strategies and establish or confirm guidelines on at least an annual basis regarding the percentages of the total portfolio that may be invested in securities other than U.S.

Government Obligations. The investment committee shall review quarterly investment reports and evaluate the probability of market and default risk in various investment sectors as part of its consideration.

#### **VIII. AUTHORIZED BROKER/DEALERS & FINANCIAL INSTITUTIONS**

A. Investment officials will maintain a list of financial institutions and broker/dealers selected by credit worthiness, who are authorized to provide investment services to the City. These firms may include:

- 1) all primary government securities dealers; and
- 2) those regional broker/dealers who qualify under Securities and Exchange Commission Rule 15C3-1(uniform net capital rule), and who meet other financial credit criteria standards in the industry.

The investment officials may select up to six (6) firms from the approved list to conduct a portion of the daily City investment business. These firms will be selected based on their competitiveness, participation in agency selling groups and the experience and background of the salesperson handling the account. The approved broker/dealer list will be reviewed and approved along with this investment policy at least annually by the investment committee.

B. All financial institutions and broker/dealers who desire to become qualified bidders for investment transactions must supply the investment officials with the following:

- 1) Audited financial statements;
- 2) Proof of National Association of Securities Dealers (N.A.S.D.) certification, unless it is a bank;
- 3) Resumes of all sales representatives who will represent the financial institution or broker/dealer firm in dealings with the City; and
- 4) An executed written instrument, by the qualified representative, in a form acceptable to the City and the business organization substantially to the effect that the business organization has received and reviewed the investment policy of the City and acknowledges that the business organization has implemented reasonable procedures and controls in an effort to preclude investment transactions conducted between the City and the organization that are not authorized by the City's investment policy, except to the extent that this authorization is dependent on an analysis of the makeup of the City's entire portfolio or requires an interpretation of subjective investment standards.

## **IX. SAFEKEEPING & CUSTODY OF INVESTMENT ASSETS**

All security transactions, including collateral for repurchase agreements entered into by the City shall be conducted using the delivery vs. payment (DVP) basis. That is, funds shall not be wired or paid until verification has been made that the correct security was received by the safekeeping bank. The only exceptions to DVP settlement shall be wire transactions for money market funds and government investment pools. The safekeeping or custody bank is responsible for matching up instructions from the City's investment officials on an investment settlement with what is wired from the broker/dealer, prior to releasing the City's designated funds for a given purchase. The security shall be held in the name of the City or held on behalf of the City in a bank nominee name. Securities will be held by a third party custodian designated by the investment officials and evidenced by safekeeping receipts or statements. The safekeeping bank's records shall assure the notation of the City's ownership of or explicit claim on the securities. The original copy of all safekeeping receipts shall be delivered to the City. A safekeeping agreement must be in place which clearly defines the responsibilities of the safekeeping bank.

## **X. COLLATERAL**

The City's depository bank shall comply with Chapter 2257 of the Government Code, Collateral for Public Funds, as required in the City's bank depository contract.

- A. Market Value: The Market Value of pledged Collateral must be equal to or greater than 102% of the principal and accrued interest for cash balances in excess of the Federal Deposit Insurance Corporation (FDIC) or National Credit Union Share Insurance Fund (NCUSIF) insurance coverage. The Federal Reserve Bank and the Federal Home Loan Bank are designated as custodial agents for collateral. An authorized City representative will approve and release all pledged collateral. The securities comprising the collateral will be marked to market on a monthly basis using quotes by a recognized market pricing service quoted on the valuation date, and the City will be sent reports monthly.
- B. Collateral Substitution: Collateralized investments often require substitution of collateral. The Safekeeping bank must contact the City for approval and settlement. The substitution will be approved if its value is equal to or greater than the required collateral value.
- C. Collateral Reduction: Should the collateral's market value exceed the required amount, the Safekeeping bank may request approval from the City to reduce Collateral. Collateral reductions may be permitted only if the collateral's market value exceeds the required amount.

- D Letters of Credit: Letters of Credit, as defined in Article VI (A), are acceptable collateral for Certificates of Deposit. Upon the discretion of the City, a Letter of Credit can be acceptable collateral for City funds held by the City's bank depository.

## **XI. INVESTMENT REPORTS**

- A. Reporting Requirements: The investment officials shall prepare a quarterly investment report in compliance with section 2256.023 of the Public Funds Investment Act of the State of Texas. The report shall be submitted to the City Council and the Investment Committee within 30 days following the end of the quarter.
- B. Investment Records: An investment official designated by the City Manager shall be responsible for the recording of investment transactions and the maintenance of the investment records with reconciliation of the accounting records and of investments carried out by an accountant. Information to maintain the investment program and the reporting requirements, including pricing or marking to market the portfolio, may be derived from various sources such as: broker/dealer research reports, newspapers, financial on-line market quotes, direct communication with broker/dealers, market pricing services, investment software for maintenance of portfolio records, spreadsheet software, or external financial consulting services relating to investments.
- C. Auditor Review: The City's independent external auditor may formally review the quarterly investment reports annually to ensure compliance with the State of Texas Public Funds Investment Act, and any other applicable State Statutes.

## **XII. INVESTMENT COMMITTEE**

- A. Members: An Investment Committee, consisting of the City Manager or designee and the Director of Finance, shall review the City's investment strategies and monitor the results of the investment program at least quarterly. This review can be done by reviewing the quarterly written reports and by holding committee meetings as necessary. The committee will be authorized to invite other advisors to attend meetings as needed.
- B. Scope: The Investment Committee shall include in its deliberations, such topics as economic outlook, investment strategies, portfolio diversification, maturity structure, potential risk to the City's funds, evaluation and authorization of broker/dealers, rate of return on the investment portfolio, review and approval of training providers and compliance with the investment policy. The Investment Committee will also advise the City Council of any future amendments to the investment policy that are deemed necessary or recommended.

### **XIII. INVESTMENT STRATEGY STATEMENTS**

The City of Kennedale portfolio will be structured to benefit from anticipated market conditions and to achieve a reasonable return. Relative value among asset groups shall be analyzed and pursued as part of the investment program within the restrictions set forth by the investment policy. The City of Kennedale maintains portfolios which utilize four specific investment strategy considerations designed to address the unique characteristics of the fund groups represented in the portfolios.

#### **A. Operating Funds**

- 1) Suitability - All investments authorized in the Investment Policy are suitable for Operating Funds.
- 2) Preservation & Safety of Principal - All investments shall be high quality securities with no perceived default risk.
- 3) Liquidity - Investment strategies for the pooled operating funds have as their primary objective to assure that anticipated cash flows are matched with adequate investment liquidity. The dollar-weighted average maturity of operating funds, based on the stated final maturity date of each security, will be calculated and comply with SEC Rule 2a-7. Investments for these funds shall not exceed an 18-month period from date of purchase.
- 4) Marketability - Securities with active and efficient secondary markets will be purchased in the event of an unanticipated cash requirement.
- 5) Diversification - Maturities shall be staggered throughout the budget cycle to provide cash flows based on anticipated needs. Investment risks will be reduced through diversification among authorized investments.
- 6) Yield - The City's objective is to attain a competitive market yield for comparable securities and portfolio constraints. The benchmark for Operating Funds shall be the 91 day Treasury bill.

#### **B. Reserve & Deposit Funds**

- 1) Suitability - All investments authorized in the Investment Policy are suitable for Reserve and Deposit Funds.
- 2) Preservation & Safety of Principal - All investments shall be high quality securities with no perceived default risk.

- 3) Liquidity - Investment strategies for reserve and deposit funds shall have as the primary objective the ability to generate a dependable revenue stream to the appropriate reserve fund from investments with a low degree of volatility. Except as may be required by the bond ordinance specific to an individual issue, investments should be of high quality, with short-to-intermediate-term maturities. The dollar-weighted average maturity of reserve and deposit funds, based on the stated final maturity date of each security, will be calculated and limited to three years or less.
- 4) Marketability - Securities with active and efficient secondary markets will be purchased in the event of an unanticipated cash requirement.
- 5) Diversification - Maturities shall be staggered throughout the budget cycle to provide cash flows based on anticipated needs. Investment risks will be reduced through diversification among authorized investments.
- 6) Yield - The City's objective is to attain a competitive market yield for comparable securities and portfolio constraints. The benchmark for Reserve and Deposit Funds shall be the 91 day Treasury bill.

C. Bond & Certificate Capital Project Funds & Special Purpose Funds

- 1) Suitability - All investments authorized in the Investment Policy are suitable for Bond and Certificate Capital Project Funds and Special Purpose Funds.
- 2) Preservation & Safety of Principal - All investments shall be high quality securities with no perceived default risk.
- 3) Liquidity - Investment strategies for bond and certificate capital project funds, special projects and special purpose funds portfolios will have as their primary objective to assure that anticipated cash flows are matched with adequate investment liquidity. The stated final maturity dates of investments held should not exceed the estimated project completion date or a maturity of no greater than five years. The dollar-weighted average maturity of bond and certificate capital project funds and special purpose funds, based on the stated final maturity date of each security, will be calculated and limited to three years or less.
- 4) Marketability - Securities with active and efficient secondary markets will be purchased in the event of an unanticipated cash requirement.
- 5) Diversification - Maturities shall be staggered throughout the budget cycle to provide cash flows based on anticipated needs. Investment risks will be reduced through diversification among authorized investments.

- 6) Yield - The City's objective is to attain a competitive market yield for comparable securities and portfolio constraints. The benchmark for Bond and Certificate Capital Project Funds and Special Purpose Funds shall be the 91 day Treasury bill. A secondary objective of these funds is to achieve a yield equal to or greater than the arbitrage yield of the applicable bond or certificate.

D. Debt Service Funds

- 1) Suitability - All investments authorized in the Investment Policy are suitable for Debt Service Funds.
- 2) Preservation & Safety of Principal - All investments shall be high quality securities with no perceived default risk.
- 3) Liquidity - Investment strategies for debt service funds shall have as the primary objective the assurance of investment liquidity adequate to cover the debt service obligation on the required payment date. Securities purchased shall not have a stated final maturity date which exceeds the debt service payment date. The dollar-weighted average maturity of debt service funds, based on the stated final maturity date of each security, will be calculated and comply with SEC Rule 2a-7.
- 4) Marketability - Securities with active and efficient secondary markets will be purchased in the event of an unanticipated cash requirement.
- 5) Diversification - Maturities shall be staggered throughout the budget cycle to provide cash flows based on anticipated needs. Investment risks will be reduced through diversification among authorized investments.
- 6) Yield - The City's objective is to attain a competitive market yield for comparable securities and portfolio constraints. The benchmark for Debt Service Funds shall be the 91 day Treasury bill.

**XIV. ANNUAL REVIEW**

The Director of Finance shall, at a minimum, submit proposed amendments of this policy to the City Council annually.

**APPENDIX A**

CITY OF KENNEDALE, TEXAS  
TEXAS PUBLIC FUNDS INVESTMENT ACT  
CERTIFICATION BY BUSINESS ORGANIZATION

This certification is executed on behalf of the City of Kennedale, Texas and \_\_\_\_\_ (the Business Organization) pursuant to the Public Funds Investment Act, Chapter 2256, Texas Government Code, (the Act) in connection with investment transactions conducted between the Investor and the Business Organization.

The undersigned Qualified Representative of the Business Organization hereby certifies on behalf of the Business Organization that:

The undersigned is a Qualified Representative of the Business Organization offering to enter an investment transaction with the City of Kennedale, Texas (as defined in the Act); and

The Qualified Representative of the Business Organization has received and reviewed the Investment Policy furnished by the City of Kennedale, Texas; and

The Qualified Representative of the Business Organization has implemented reasonable procedures and controls in an effort to preclude investment transactions conducted between the Business Organization and the City of Kennedale, Texas that are not authorized by the investment policy of the City of Kennedale, Texas, except to the extent that this authorization is dependent on an analysis of the makeup of the City of Kennedale, Texas entire portfolio or requires an interpretation of subjective investment standards.

Qualified Representative of the Business Organization
