CITY OF KENNEDALE RECOMMENDATIONS
FOR MITIGATING THE SPREAD OF COVID-19

The City of Kennedale strongly recommends the following:

- (1) Cancel all nonessential gatherings and meetings of less than 10 people.
- (2) Create smaller groups for essential meetings, and consider holding video/audio meetings instead.
- (3) For individuals at increased risk of severe illness, cancel gatherings of more than 10 people, and limit nonessential outings. "Individuals at increased risk of severe illness" includes but is not limited to individuals 60 years and older; with compromised immune systems; with medical conditions such as diabetes, heart disease or disorders, or chronic obstructive pulmonary disease (COPD) or other lung conditions.
- (4) For operators of public spaces, provide ways for patrons to maintain safe social distancing, for example, maintaining six feet of separation between individuals; have hand washing capabilities, hand sanitizers and tissues available; and frequently cleaning high touch surface areas like counter tops, hand rails, and door knobs.
- (5) For workplaces, promote telecommuting; ensure employees do not work while sick; do not require a doctor's note for employees who are sick; maximize flexibility in sick leave benefits; and minimize the number of employees working within arm's length of one another.
- (6) For grocery stores and pharmacies, increase the use and capability of drive-thru, curbside, or delivery services; limit or restrict the number of employees working within arm's length of one another; provide handwashing capabilities, hand sanitizers, and tissues; and frequently clean high-touch surface areas like countertops, doorknobs, and handrails.
- (7) Determine ways to consider providing support services, including meals, to individuals at increased risk of severe illness while limiting group settings and exposures.
- (8) Minimize all nonessential travel.
